

```
public class ThrowEx3
{
    public static void checkage(int age)throws ArithmeticException{
        if(age<=18){
            throw new ArithmeticException("\naces denied you must be 18 year old");
        }
        else{
            System.out.println("aces granted you old enough");
        }

    }

    public static void main(String[] args) {

        checkage(14);

        System.out.println("rest of code");
    }
}
```
